

Astronomical Review

Submission Guidelines

Papers should be submitted along with an abstract, title, and references.

Papers may be submitted in pdf, word, or LaTeX file format.

Word Counts

- Papers may not be longer than 5500 words including footnotes (not including abstract) unless prior permission is granted.
- Abstract should not be more than 300 words.

Figures

- Photographs and diagrams may be included and will be printed in black and white.
- Captions for photos and diagrams should be provided in a separate document.

Peer-Review

- Please submit a list of at least four possible peer reviewers for your paper.
